

Backend Web Developer

SoftRight, one of the fastest-growing municipal software providers in New England, is seeking an experienced Backend Web Developer to join our growing SaaS engineering team in Westford, MA. You will be responsible for designing and developing systems, software, and processes to support importing and migrating data between the staging and production environments of our SaaS product suite.

Our Requirements:

- At least 5 years of end-to-end web development experience
- Experience with Ruby-on-Rails
- Excellent knowledge of MySQL database design, optimization, and server management
- Excellent knowledge of JavaScript and Ajax programming
- Experience with Perl, Python, and/or other scripting languages
- Excellent knowledge and experience designing solutions to difficult problems with open source software
- The ability to work effectively in a lead, hands-on, role and as part of a team across multiple business disciplines
- Demonstrate initiative, ownership, passion, and enthusiasm for designing and implementing mission critical software solutions

Nice to Haves:

- Experience with virtual environments (e.g., VMware, XenServer, etc.)
- Experience with JavaScript libraries (e.g., JQuery, ExtJS, etc.)
- Experience with various enterprise database platforms (e.g., Microsoft SQL Server, Oracle, etc.)
- Experience with distributed systems
- Experience with continuous integration and automated testing environments
- Experience scaling systems to effectively service a larger user base
- Experience with cloud based technologies (e.g., EC2, S3, etc.)

Your Responsibilities:

- Gather requirements for and design, develop, and unit test an automated ETL system for migrating data from existing legacy customer databases to a multi-instance staging environment and then finally to a multi-tenant production environment
- Design, develop, and unit test processes and applications to manage and optimize production data and database systems
- Contribute to the overall design and development of our SaaS product suite

Make Your Future:

SoftRight offers an excellent compensation package including a competitive salary, benefits package and year-end incentives. We have fun at work, so a dynamic personality is a critical component to succeeding at SoftRight. In addition, an unwavering commitment to a stellar customer experience is critical.

To apply for this position, please send a resume and cover letter to careers@softright.com or fax them to 978.692.3301, attn: careers.
